

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Sam Ntiros on 11/04/2010.

The application has been amended as follows:

The specification amendments submitted 5/06/2009 and 11/16/2010, which were identical, have been entered.

On page 1, lines 10-11, "an external and internal temperature" has been changed to --external and internal temperature--.

On page 2, line 2, "reducing a pressure of the refrigerant" has been changed to -reducing the pressure of the refrigerant--.

On page 2, lines 17-18, "senses a pre-set temperature of the refrigerating chamber" has been changed to --with a pre-set temperature senses the temperature of the refrigerating chamber--

On page 3, line 15, "cooling air is evaporated." Has been changed to --refrigerant is evaporated.--

On page 4, lines 17-18, "varying a cooling capacity" has been changed to --varying the cooling capacity--

On page 12, line 12, the phrase "according to" has been changed to --because of--

On page 16 line 17, "a rotation direction" has been changed to --the rotation direction--

On page 25 lines 13-16 "a first operation range of a temperature sensor of the refrigerator is selected (step S74) and a signal for controlling the operation of the compressor according to the first operation range (step S75)." has been changed to --a first operation range of a temperature sensor of the refrigerator is selected (step S74), and a signal for controlling the operation range of the compressor according to the first operation range is also selected (step S75).--

On page 31, line 10, "is rotate" has been changed to --rotates--

On page 45 line 1, "the compressor is rotate" has been changed to --the compressor is rotated--

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ALEXIS K. COX whose telephone number is (571)270-5530. The examiner can normally be reached on Monday through Thursday 9:30a.m. to 7:00p.m. EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Judy Swann can be reached on 571-272-7075. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
